

If you know about the Sandy Hook Tragedy & Alex Jones... ...You know all you need to about Nico Kuyt & the Poison Conspiracy!

Alex Jones runs the website Infowars where he promotes outrageous conspiracy theories to those who have a need to believe in absurd allegations. For example he promotes these absurd allegations:

- 1) The government has the ability to create and steer tornadoes to undesirable populations
- 2) The gay population is growing because the water is tinged chemically to affect men.
- 3) The NY 9/11 tragedy was an inside job orchestrated by President George Bush.
- 4) The massacre of six adults and 20 children at the Sandy Hook elementary school was a “False Flag” devised by gun control advocates. The grieving parents seen on television were just actors! Many gullible listeners believed these heartless claims but the parents were infuriated, sued Mr. Jones, and prevailed. They were awarded a billion dollars in damages to bankrupt crazy Alex Jones and permanently shut him up forever!

Nico Kuyt created the Poison Conspiracy rumor and promotes his concept of evidence to those who do not understand how jurisprudence works in the civil world. For example he claims these allegations:

- 1) Loyal devotees who gave their life to Srila Prabhupada, went completely mad in 1976, & conspired to poison him and nobody broke the silence for 50 years?
- 2) Srila Prabhupada knew he was being maliciously poisoned and spoke about it openly with several attending him but never asked anyone to do anything about it!
- 3) Srila Prabhupada consumed so much cadmium it would kill him in three days but his hair had a month to grow out and be tested and his bones were not affected at all!
- 4) Tamal KG knew how to perfectly mix & administer a poisonous cadmium cocktail although it had never been done before & not yet understood by any world agency!
