

# Fabricated Whisper Evidence!

<https://www.youtube.com/watch?v=UsxgNN13kcY&t=5s>

**CAE Lab**, owned by Jack Mitchel, is the star audio forensic sleuth for the P-Con. When his credentials were examined so many suspicious anomalies turned up it took five pages in the book **DECEPTION** 5.3.2. to expose them all!

It appears Jack was a clever opportunist who wouldn't miss a chance to milk Nico for thousands to generate reports and graphs to certify whatever Nico wanted. Nico in turn inflated Jack's credibility by telling us he had \$250,000 worth of equipment -KGBG p171 although Jack states: "My system costs probably between \$50,000 and \$55,000" -KGBG p171 Nico expects his audience to just accept what he says even though **DECEPTION** provide numerous examples of how he hides, distorts, and even fabricates evidence that does not exist. The critique on the CAL lab was so damaging Nico desperately attempts to discredit it with more deceit. -SPTD 225, 845 There is no sense in arguing with a pathological liar. The **PBS** show **FRONTLINE\*** investigated the company who **sold** Jack Mitchel his fake credentials and confirmed they had been doing it for many years before they were forced to shut down circa 2012.

**This PROVES NO P-Con integrity!** Ed Primo from [Primeauforensics.com](http://Primeauforensics.com) has 35 years of experience and explains how real professionals work: "I tell my clients to NOT give us information about the case until we are done with our testing process... because bias has to stay out of the lab Many client attorneys are ready to dump a bunch of information on us, depositions etc...it's best to keep all unnecessary information out of the lab so our bias remains very low so, then if asked under oath... there is nothing to attack us on" **But this is what the No-Truth-Team did:** "Tom Owen (was given a copy of Someone Has Poisoned Me.) a tape transcript, & the location of the three different poison whispers"-KGBG 178 This is a dishonest form of persuasion known as **"Stacking the Deck."** Prejudicing the audio engineers was no mistake, it is done very intentionally because Nico knows: "It is extremely hard to understand what is being said if one has a preconception."-KGBG 91

## Blatant Falsehood!

\*Click & watch PBS at 42:05 "Three different poisoning whispers have been forensically, scientifically VERIFIED by a long list of audio forensic experts in their laboratories.-SPTD 625 **Who is Nico referring to? Below is what his so-called experts had to say.**

### #1 "The poison is going down".

Nico claims this was: "verified by many audio forensic experts" -SPTD 510 TKG testified that he said: "The Swelling is going down" **Who Verified what Nico Claims?** What their experts really said was: **CAE Jack Mitchel:** "the /p/ in poison cannot be exactly located" and "As each version presents a more expanded segment, the /poi/ sound should become more evident." -SHPM 300

**OWL:** "I swear all of its going down"-KGBG 180 Swear sound a like "Swell" **J.P French:** "It's Going down" (Especially Unclear) -KGBG 176 **Explain:** How could HDG drink hot milk while laying flat on his back? What was the milk "Going Down" while HDG lay flat for 7 minutes?

The hysteria created by the P-Con in 1998 set amateur sleuths off to find sound clues and some became so zealous they even played tapes backwards hoping to hear TKG confessing (Reverse Speech theory & Analysis (SHPM p264-269) Those caught in the hysteria heard clauses like: "No good reason, God Damn, 50% is your cut", etc. There was such a hunt for evidence, 54 suspicious sounds were given meanings by the time *Someone Has Poisoned Me* went to print. (1999) Analyzing all these imagined confessions would have been prohibitive, so Nico selected the most convincing ones to send to Jack Mitchel (who had) purchased forged credentials and was happy to take Nico's money.

6

**QUESTION:** How can you trust anything Nico says when he repeatedly distorts what his own hired experts advised and sometimes paid them to bend the facts to suit his vengeful agenda? Why are you so convinced that TKG would openly talk about poisoning HDG in the presence of a dozen other disciples knowing that a tape recorder was capturing what he said on tape? How can you ignore Nico's bias when his first draft of the P-Con charade seriously suggested that if you play TKG lectures BACKWARDS you will here him confess to his crime?

### #2 "Is the poison in the milk?"

What was said after Jayapataka Swami asked Srila Prabhupada about the plan for better health was: "It's NOT part of the treatment." Three engineers agreed the second word was "NOT". **OWL:** Unintelligible -KGBG 180 **J.P French:** "It's NOT poison" (Unintelligible) -KGBG 176 **JBR Technology:** "That's NOT poison in the milk"-KGBG 184 **George Blackwell:** "It's NOT poisoned milk." -KGBG 64 **Explain:** How did the audible NOT, get lost in "Poison"?

### #3 "Poisoning for a long time..."

This is buried in 60 seconds of background noises and talking. It is so unclear that KGBG movie does not play it for listeners! **Explain:** Why wasn't this audio played? **J.P French: Wholly Unintelligible** -KGBG 176 **Owl:** "It's NOT Poisoning"-KGBG 180

### Geoffrey Giuliano Refuses Nico Kuyt's Bribery!

In 1998, Nico tried to jump start his P-Con Fraud with a CD full of half-truths, blame and slander against those he despises. A young actor, Geoffrey Giuliano, liked KC but heard about the P-Con rumor. He met with Nico for clarity, who then offered to pay him to help produce a diatribe against ISKCON. Mr. Giuliano confirmed Nico's habit of bribing others to build his P-Con campaign with false testimonies when he said:

"I was asked point blank...to falsify the taped 'evidence' by editing it in such a way that it might seem both more damaging and credible to ISKCON's rank and file. A few words seamlessly shuffled about here and there and suddenly, one dangling scrap of audio becomes a very different animal."

Poison Antidote 2003  
c/o Danavir Goswami 20

Nico's reaction is what to expect from a manic narcissist. When Mr. Giuliano revealed how he had been bribed to speak untruths, Nico dedicated (KGBG 8p + SPTD 9p) 17 pages slandering, insulting, and degrading Mr. Giuliano in an attempt to discredit how he exposed Nico for expecting him to lie for cash.

**Socratic Method Exposes P-Con Fraud Series:**

Based on asking and answering questions to stimulate critical thinking and to draw out ideas and underlying presuppositions.
